IMPORTANT:

ALL ITEMS ARE IDENTIFIED WITH A PART NUMBER. Some of the smaller parts such as bolts, nuts, washers, etc. are not all shown, however, the quantity used are listed in the text for that section which they fit into. That particular quantity is always the quantity required for one complete assembly.

Smaller parts, which are welded together to construct a larger part, are not to be ordered as individual pieces, unless they have a part number to identify them.

Contact your nearest dealer for genuine repair parts. Dealers carry ample stock and are backed by the manufacturer and regional associations.

Coulters Fertilizer Coulter Assembly

Left Coulter Assembly Shown

IMPORTANT: Item 1 & 14 Dry/NH3 Opener

The dry/NH3 opener is intended to allow the operator the flexibility to switch between granular fertilizer and NH3 without having to change openers. The dry/NH3 opener is not intended to apply granular fertilizer and NH3 in the same operation. Excessive gassing off of the NH3 will occur in such an operation.

Morris Industries shall have no obligation or liability of any kind on account of end user incorrectly using the Dry/NH3 Opener.
